Overview

Enchanting Finland

Did you know that the tap water in Helsinki is among the cleanest in the world? Or that Finland is the country with the third cleanest air in the world? Finland can score not only with the enchanting nature and the magical northern lights. No wonder Finland was nominated as the country with the highest quality of life and Finns can call themselves the happiest people in the world. Are you ready to experience this paradise up close?

- English detailed vaccination and packing List (PDF)
- 100% CO2 compensation for flight and trip
- 1 tree planted per person
- 24/7 Whatsapp support through TripLegend before and during the trip

Travel itinerary

Arrival

Kittilä International Airport (KTT)

Please remember to book your flights separately. Plan your arrival so that you arrive at the airport by afternoon to start our Finland adventure together.

Day 1

Welcome to Lapland!

Private transfer: about 90km and 1h

Upon arrival at the airport, our English-speaking guide will be waiting for you. You will be equipped with warm clothes for your winter adventure and after a short drive through the snow-covered landscape we will reach our accommodation. The resort is located directly on the shore of Lake Vuontisjärvi and we move into our own apartment, where we will spend the next two nights. Once arrived, you can recover from the harsh cold of Finland and warm up while getting to know your fellow travelers better at a welcome dinner. (-/-/D)

Day 2

First steps through the snow

Snowshoes: about 9km and 4-5h

After a jointly prepared breakfast, we strap snowshoes to our feet for the first time and set off on a tour through the snow-covered landscape of Lapland. Over frozen lakes and scenic hills, past snow-covered trees we make our way to a "Kota" - an authentic Lappish tipi - where we have lunch and rest. If the weather is good, you can sometimes see several kilometers away and marvel at the beautiful wilderness! Afterwards we make our way back to our accommodation, where a delicious dinner awaits us. Today it is already time to pack up again, because tomorrow morning we start into an exciting adventure in the wilderness. (-/L/D)

Day 3

Exploring untouched wilderness

Private transfer: about 30km and 30min

Snowshoes: about 3km and 2-3h

After a fortifying breakfast we will make our way to the border of Pallas-Ylläs National Park. From here we will start our way to today's accommodation on snowshoes. We will pull our luggage behind us on Nordic sledges, the pulkas. After a few hours in untouched wilderness we will reach the wilderness hut where we will spend the night. Here we will first warm up at the open fire and have our lunch. Together we will prepare the hut for our stay and take care of upcoming chores like getting water. Afterwards we will have the opportunity to explore the surroundings and admire the magical sunset over the Lappish landscape. Once back at the cabin, true Finnish luxury awaits. Although the cabin has neither running water nor electricity, there is a traditional wooden sauna, which we immediately fire up together. Afterwards we take a cooling bath and are spoiled with a dinner of delicious Lappish specialties. For the night we share the sleeping place in the cabin, but for the very brave there is the possibility to sleep directly outside under the clear starry sky of the north! With a little luck we can even catch a glimpse of the majestic Northern Lights. (-/L/D)

Day 4

Surrounded by silence

Forest-Skis: Distance depends on wheater, about 4-5h

After an unforgettable night, the next adventure is already waiting for us today. Equipped with forest skis we go on an impressive day tour through the surrounding landscape. Today we will have lunch in a kota along the way as well, and although net reception is not available here, there is an incredible amount to do and see. You can take magical landscape pictures, observe wild animals if you are lucky, warm up by the fire or just enjoy the endless silence of Lapland. Maybe you and your new friends will have a little race in the deep fresh snow? The possibilities are endless, but one thing is clear: this is how digital detox is fun! Back at our cabin, we treat ourselves to a warming sauna session before being treated to more delicious specialties for dinner. Afterwards, we spend a quiet, relaxing evening before going to sleep. Today there is also the option to sleep outside under the open sky!(B/L/D)

Day 5

Fish fresh fish!

Snowshoes: about 3km and 2-3h

Private transfer: about 55km and 1.5h

After breakfast, we will engage in a very popular Finnish activity. On a frozen lake we drill a hole in the thick ice layer with the help of special tools and try our hand at traditional ice fishing! Patience is required, but with a bit of luck we catch a tasty fish, which we can share directly at lunch back in the cabin. After this we will make our way back out of the national park on snowshoes. We will be picked up by shuttle and transported to the next accommodation in Äkäslompola, where we can make ourselves comfortable for the remaining days. (B/L/-)

Day 6

Snow flurries and reindeer up close

Private transfer: 2x about 20km and 25min

Reindeer ride: about 3-4km and 1h

Fatbike: Distance depends on wheater, about 3-4h

Today, after breakfast together, we will head to a local reindeer farm. Here you have the opportunity to get acquainted with the fascinating animals and learn more about the way of life of the reindeer and their herders. Optionally you can go on a ride with the reindeer through the snowy landscape and/or dash through the snow on a fatbike - a bike with extra wide tires! Back at the accommodation we will prepare a delicious dinner together and recover from today's activities, because tomorrow there will be a lot to experience again. (-/-/-)

Day 7

Huskies and insights into the culture

Private transfer 1: about 50km and 45min

Dog sled: about 20km and 3-4h

Private transfer 2: about 50km and 50min

Private transfer 3: about 3km and 5-10min

Get ready to check off a long-awaited wish on your bucket list! After a hearty breakfast, we will be picked up by a dog musher and travel to his husky farm. Here we will get an insight into the life on the farm and learn how to drive a dog sled safely during a briefing. Here you will be equipped with your own dog team and sled! Afterwards we will go on a discovery tour and enjoy the cool breeze and the incredible silence of the landscape. The way leads us through untouched nature, dark forests and over snowy fields, in constant company of our animal friends. After that it is time to say goodbye to the huskies and we travel to our next destination, Kellokas Nature and Culture Center. The center's goal is to provide new insights into man's dependence on nature and to allow visitors to apply what they learn to their daily lives. So there's plenty to see and do. How about a visit to the art gallery? Or would you prefer a hot coffee in the in-house café? After an instructive and exciting day, we return to our accommodation once again and review the experiences of the last few days, because tomorrow it is already time to say goodbye. (-/-/-)

Day 8

Goodbye, winter wonderland!

Private transfer: about 50km and 45min

Today we will prepare our breakfast together for the last time and share stories and memories of the past week, because today our Lapland adventure is unfortunately already coming to an end. Afterwards you will have a few last moments to pack or internalize the incredible beauty of nature before we will transport you to the airport or, if you still have a little time, to the town of Levi for some shopping.(-/-/-)

Departure

Kittilä International Airport (KTT)

You can flexibly plan your return or onward flight on the day of departure from 9 am. We hope you had an unforgettable time and take home priceless memories! We look forward to seeing you again soon on one of our unique adventures!

Your guide: Vilma

Hey, my name is Vilma and I'm your guide for the Finland adventure! I grew up in Oulu, Finland and have always traveled to the far north every chance I get, where I have now settled permanently a few years ago. After a long time in the Netherlands, I missed the snow and swapped biking in the city for forays in the snowy woods. Already my whole life I work in the tourism industry and can't imagine anything better. I am a trained wilderness guide and can be found in the local forests all year round, snowboarding in the winter and backpacking in the summer. I am already looking forward to show you the beautiful landscape of Lapland and to experience an incredible adventure together!

Not included services

Flights:

- International flight tickets
(Ex.: roundtrip from FRA - KTT via HEL with Finnair for 500-700€, 5-9h)
- *Info: We are happy to help you with your flight search and booking.*
